1. Beijing Jiaotong University (BJTU)

City	Beijing, Beijing
Degree Programs	185
Number of Students	25569
International Students	2017
Website	http://www.bjtu.edu.cn

Established in 1896, Beijing Jiaotong University (BJTU, a.k.a. Northern Jiaotong University) is a national key university, leading in information and management disciplines and featuring traffic and transportation science and technology. It is one of the first institutions authorized to confer master's and doctoral degrees. Over the past century, the university has become an important base to turn out talents, especially outstanding talents in information technology and urban rail transit, for the economic and social development of China. Beijing Jiaotong University attaches great importance to the international education so as to bring out the power of a multidisciplinary system with bachelor, master, doctoral programs and exchange programs in the fields of engineering, management, economy, science, arts, law, and philosophy. A variety of scholarships are available for international students, such as Chinese Government Scholarship, Confucius Institute Scholarship, Beijing Municipal Government Scholarship and BJTU Scholarship for International Students. Up to the year 2017, there are about 2,000 international students from 118 countries studying at BJTU. BJTU graduates have very good job opportunities. Some of them choose to work in their home countries and embassies while others are hired by internationally renowned companies such as IBM, BMW etc. In addition, more and more international students would like to work in Chinese-funded companies including Sinopec, CRBC, CRCC, Huawei, and Baidu. . And these days, there are quite some of students choose to start their own business whether in China or in their home countries.

BJTU has two campuses (Beijing Campus and Weihai Campus), located in Haidian District, Beijing and Weihai, Shandong Province respectively. Enjoying an advantageous location, Beijing Campus is close to downtown with convenient transportations. It also has abundant rooms equipped with good facilities to accommodate students. As an international campus, Weihai Campus is only 5.5 kilometers away from beach with beautiful environment and fresh air. It provides the students with excellent campus accommodation at lower cost. Weihai campus mainly devotes to the preparatory programs of international students and Chinese-foreign cooperatively-run education.

Programme Name	Programme Level	Duration (Year)	Instruction Language

2. Zhejiang University of Media and Communications (ZUMC)

City	Zhejiang-Hangzhou
Degree Programs	42
Number of Students	15040
International Students	140
Website	http://www.zjicm.edu.cn/

ZUMC was jointly funded by China's State Administration of Radio Film and Television and Zhejiang Provincial Government. The university has two campuses, located in Hangzhou and Tongxiang respectively, covering a total area of over 85 hectares with a floor space of 640,000 square meters.

ZUMC consists of 13 self-governing schools and colleges, 4 departments: The School of Broadcast Announcing and Presenting Arts, The School of Electronics and Information, The School of Animation, The School of Management, The School of Cultures & Communications, The School of Art Design, The School of Cultural Creativity, The School of Literature, The School of New Media, The School of Journalism and Communications, The School of Music, The School of Film, The School of TV Arts, The School of Continuing Education, Foreign Languages Teaching Centre, The Department of College Physical Education and Department of Social Sciences & Teaching. At present, there are about 14000 full-time enrolled students at our university. It also has The Media Optimization Collaborative Innovation Center, The National Animation Teaching Research Base, The Provincial Centre for Communication and Cultural Industry and other 9 research institutions at above provincial-level.

The cross disciplinary programs we offer cover the art, economics, technology and management. The four representative program groups include journalism, drama, film and TV studies, Communication and Information Systems and Interactive Media Technologies. The University received state approval to deliver master degree programs in 2011 and the first master students came to study on the MA Program of Journalism in 2012. 112 professors, 266 associate professors are currently employed to serve the University. These also include 1 national outstanding teacher, 9 teachers enjoying special allowance of the State Council, 2 specially-appointed provincial professors, 36 teachers at varied levels of the Zhejiang province '151 talents project', 10 young and middle-aged academic leaders in provincial universities, 3 provincial outstanding teachers, 3 provincial teaching masters, 4 provincial teaching teams, and 2 provincial scientific research innovation teams. For teaching and administration, the university employs a total staff of 1200 to carry, support and work for the daily teaching and running of the entire school.
